Continuing Student Discounts

CIEE includes a substantial fee discount for academic year and calendar year programs in our published fees. Therefore, there are no further discounts beyond our published fees for students attending academic or calendar year programs. Students who would like to continue from one program to another are offered a 5% discount calculated on the less expensive term of the two programs and applied toward the second term fee. This discount applies to all terms with the exception of the academic year and calendar year programs for which we have published fees.
