Program Assistant,Advanced Liberal Arts**

Alejandra was born in Seville where she also studied Tourism in the University of Seville. She loves her city, although at the moment she is living in el Puerto de Santa Maria (Cádiz). This town is next to the one thing Alejandra loves the most, the beach.

In January 2010 Alejandra began working with CIEE as a receptionist. She enjoys helping students as well as their host families with anything needed.

Alejandra has combined working in the reception with being an assistant to the Advance Liberal Arts Program. This has allowed her the opportunity to learn in depth the academic part of CIEE.
