

Inés Muñoz, Administrative Assistant

Inés started with CIEE in September of 2005, shortly before our move to the new CIEE Palacio. Born and raised in Seville, she studied Business Administration here as well. She works in our administration department along with Salva. She loves going to the beach throughout the entire year, oblivious to whether it's sunny or cloudy, because for Inés there is nothing that can compete with a nice walk on the beach. A lover of all outdoor sports, she can't stay indoors for long, as she loves to practice the infamous pastime of "dar un paseo por Sevilla".
