

ELIGIBILITY

We believe you need passion for ideas and processes to be successful as founders and key market players. We look for this passion in our participants, as well as a broad range of backgrounds and experience. We also ask participants to meet these requirements:

- A bachelor's degree or equivalent – a business background is an advantage but not required.
- Strong English language speaking and writing skills. All instruction will be provided in English, so this is a must. Each candidate will be evaluated with a Skype interview. (Upgrade your business and professional English skills with us at eLab, with a [20-hour business and professional English course](#).)
- A passion for entrepreneurship and start-up culture, shown in your application statement and Skype interview.
- An interest in meeting people from around the world and working in an international setting.

If your question isn't mentioned here, please get in touch at elab@ciece.org.

We're happy to help!
