

TEFL CERTIFICATION

A TEFL CERTIFICATION IS AN ACADEMIC COURSE THAT CERTIFIES YOU TO TEACH ENGLISH AS A FOREIGN LANGUAGE!

WHY GET TEFL CERTIFIED?

Whether you have teaching experience or not, a TEFL (Teaching English as a Foreign Language) certification can open endless doors for paid opportunities teaching English to non-native speakers.

A TEFL course will guide you on how to teach a language that comes so naturally to you. It also shows employers you are prepared to take the job seriously and that you'll put in the work to be a successful teacher.

HOW YOU CAN USE IT

Teach English Abroad: Get paid to travel the world and immerse yourself in another culture by teaching English abroad.

Teach English at Home: Help your non-native English speaking neighbors overcome adversity by teaching English in your own backyard!

Teach English Online: Work from anywhere – abroad or at home – with the flexibility of teaching English online.

TRAVEL WITH MEANING: TEACH ABROAD

Name: Amy S.

Program: CIEE TEFL + Teach in Thailand

Hometown: Phoenix, Arizona

College degree: BA English, MA Cultural

After completing my Master's degree, I wanted to travel, but I wanted to travel with meaning. Teaching English in Thailand felt like just the type of adventure I was seeking, so I began to embark on the unknown. Having no experience teaching, I was a little concerned about how I'd do in front of a classroom – while also navigating a new culture and place at the same time! Anticipating those challenges, I decided to get my TEFL certification through CIEE, and I can say with certainty that it made me a much better teacher. My TEFL training helped me gain perspective on what to expect before arriving in Thailand, taught me numerous ways I could connect with students of various backgrounds and learning styles, and ultimately made me a better teacher overall.

FOLLOW YOUR HEART: TEACH ONLINE

Name: Kristin M.

Program: CIEE TEFL

Hometown: Guilderland, New York

College degree: BS Nursing

I recently married the love of my life and moved to Italy, where he is a professional basketball player. I gave up my job as a registered nurse in New York and started to search for a job where I could work from anywhere. That's when I learned about teaching English online. This job is perfect for me - I can make my own hours and work wherever I am. In addition to the flexibility, teaching English online is one of the most rewarding things I have ever done. It's also amazing to know that if my husband needs to change locations for work I can easily pick-up and move with him – and never be apart again!
