

Your Partner in International Education

The leader in study abroad

ciecee.org/partners

WE HAVE PROGRAMS YOUR STUDENTS WANT

Give your students a competitive edge with streamlined, cohesive, and flexible programs from the leader in study abroad. We can even create custom programs for you!

MULTI-DISCIPLINARY PROGRAMS

Give your students access to hundreds of programs that offer broad appeal with our **Semester In, Summer In, Open Campus Block,** and **Arts & Sciences** programs. (Courses delivered in English.)

THEMATIC PROGRAMS

Provide your students with classes in their specific or thematic areas of study through our **language, business, Engineering, Technology,** and **Sciences, Sustainable Smart Cities, Ecology + Sustainability,** and **specialized STEM programs.** (Language course required for language programs; all other courses are offered in English.)

INTERNSHIPS

Offer your students professional development opportunities across the largest inventory of internship programs. Students can choose from **Summer Global Internship, Summer Intern + Study Abroad, Semester Global Internship, Semester Intern + Study Abroad,** and semester programs with optional internships.

CUSTOM AND FACULTY-LED PROGRAMS

Together, we can design a once-in-a-lifetime Custom Study Abroad program built around your curriculum, schedule, and budget. We have the academic and operations know-how, on-the-ground resources, local expertise, and in-country infrastructure to support your vision.

EXPERIENCES THAT BRING LEARNING TO LIFE

Every CIEE program features activities, excursions, and tours intentionally designed to help students form meaningful connections with their host city.

THE CIEE DIFFERENCE

ACADEMIC STANDARDS THAT GO THE DISTANCE

CIEE's Global Learning Objectives (GLOs) are the foundation of everything we do, informing the design of each program, course, and experiential learning activity.

Through our GLOs, your students will:

- **Adapt Interculturally:** Gain and demonstrate enhanced cultural awareness.
- **Build Understanding:** Acquire deeper subject matter knowledge within a local and global context.
- **Communicate Effectively:** Develop effective oral, written, listening, and nonverbal communication skills.

A LEADERSHIP COUNCIL THAT PUTS YOUR STUDENTS FIRST

Leaders from prestigious colleges and universities from across the United States - who make up CIEE's International Program Advisory Council, or IPAC - advise CIEE on program development, program quality, and thought leadership.

RESOURCES THAT KEEP YOUR STUDENTS SAFE

The health, safety, and security of students is always top of mind. We provide bystander intervention training, mental health support, and site-specific information for each carefully selected CIEE Center. Changing circumstances are closely monitored by both in-country and headquarters staff.

AN INCLUSIVE ENVIRONMENT THAT WELCOMES EVERY STUDENT

At CIEE, every individual is supported and empowered to share their unique background and perspective. We offer city-specific pre-departure resources, and our staff receive extensive training to create inclusive study abroad experiences around the world.

FINANCIAL AID THAT MAKES STUDY ABROAD POSSIBLE

CIEE awards millions of dollars each year in merit scholarships, need-based grants, and program-specific discounts.

A DEDICATED TEAM THAT SUPPORTS YOU EVERY STEP OF THE WAY

As a dedicated CIEE partner, you are assigned a specific Manager of Institutional Relations (MIR) that is your internal consultant to all things CIEE: New program approvals, institution-specific course requirements, CIEE study abroad promotion on campus, and strategies to provide more access to study abroad for more students.

THE OPPORTUNITY TO BRING YOUR CURRICULUM TO LIFE

Tap into CIEE's academic and operations network to plan, design, and build a unique Custom program made specifically for your students! We have the infrastructure in place to guide you every step of the way.

“For decades, CIEE has consistently demonstrated its ability to offer academically rigorous and relevant programs that align with the evolving needs and goals of higher education. What sets CIEE apart is its **unwavering focus on student health and safety** and its demonstrated **commitment to access for all students.**”

Sylvie Burnet-Jones, M.A.,
Director, Education Abroad,
University of Colorado Boulder

CIEE'S PLEDGE TO LEAD CHANGE IN STUDY ABROAD

CIEE is committed to leading change in study abroad through innovative partnerships and practices. Our initiatives provide more students and more institutions with access to international education while demonstrating the vital link between global programs, institutional goals, and student success.
