

SCAN DESIGN FOUNDATION ENVIRONMENTAL SUSTAINABILITY INTERNSHIP

The Scan Design Foundation Environmental Sustainability Internship

A FULLY FUNDED SUSTAINABILITY-FOCUSED INTERNSHIP EXPERIENCE

The Scan Design Foundation Environmental Sustainability Internship provides twelve (12) students with the opportunity to participate in an eight-week, fully funded work placement in Copenhagen, Denmark. The program combines professional internship experience with exposure to sustainability-focused organizations and environmental initiatives, supporting the development of future leaders equipped to address complex environmental challenges.

From May 19 to July 12, 2027, interns will:

- Work with a Copenhagen-based company advancing environmental sustainability
- Network with environmental leaders, innovators, and sustainability experts
- Explore Danish and U.S. approaches to addressing environmental challenges through a cross-cultural context

**Applications will be accepted until November 20, 2026.
The 2027 cohort will be announced in mid-December.**

ELIGIBILITY REQUIREMENTS

Applicants Must:

- Be a current undergraduate or graduate student from an accredited institution and be returning to their institution in the 2027-28 academic year
- Have a minimum GPA of 3.0
- Be a U.S. citizen, U.S. national, or permanent resident
- Be Pell Grant-eligible
- Have a demonstrated interest in environmental and sustainability fields
- Submit a complete application no later than November 20, 2026

Co-Sponsors:

CIEE Study Abroad | Scan Design Foundation

All eligible applicants not selected for this exclusive internship will receive a \$1,500 grant toward any CIEE summer or semester program through summer 2028.
